**TREATMENT DISCLOSURES - READ PRIOR TO SIGNING THIS FORM**

- I understand that Simplicity does not provide medical diagnoses and that I must provide an accurate medical history to Simplicity.
- I am not using any photosensitizing drugs or products, or have had the risks explained to me and given my consent to continue treatment.
- I understand the UV exposure 7 days pre or post treatment greatly increases my risks of experiencing side effects from the laser treatment.
- I have been informed that my treatment results may vary if I am pregnant. I have disclosed my pregnancy status to Simplicity and agree that if my status changes, I will inform Simplicity prior to treatment.
- I understand that I cannot have any laser services if I have used Isotretinoin (Accutane, Amnesteem, Claravis, Sotret) within the last 6 months.
- I have reviewed and understand what to expect from my treatment and the potential side effects I may experience due to this treatment.
- I have reviewed and understand the pre & post care instructions for the treatments I will be receiving.
- I understand that Simplicity does not guarantee any specific results from any treatment. I have reviewed and understand the limitations of the treatments I will be receiving. I am aware that laser hair removal treatments are not effective on RED, BLONDE, or GRAY hair.
- I understand that on average, hair removal clients may expect 70-90% reduction after 8-12 and sometimes more treatments.
- I agree that if I experience any side effects from my treatments that I will contact this Simplicity location and allow them to review and treat my condition prior to visiting another health care provider. If I choose to visit another provider without reviewing my condition with Simplicity, I understand that Simplicity may not provide reimbursement for new charges, fees, or treatments.
- I consent to being treated with the products determined necessary by Simplicity. I have informed Simplicity of any known product allergies that I may have.
- I understand that Simplicity has a Medical Director for Simplicity related concerns. However I acknowledge that I currently have a Primary Care Physician.
